

IN HOME HAZARD IDENTIFICATION

If the following statements are TRUE, you are able to complete your shift

1. Access to and from house (front and back yard) is free from obstruction, level and is not slippery.
2. There are no pets, pets are restrained.
3. Following a visual inspection there are no frayed or defective electrical leads.
4. Following a visual inspection there are no slip, trip or fall hazards (such as items lying on the floor, cluttered furniture, ripped carpet, unlevel ground etc.)
5. There is adequate access and room around furniture, beds etc.
6. There are no renovations, alterations or modifications to the house or property currently in progress.
7. The floors and/or mats in wet areas are non slip.
8. If doing a sleepover shift, there are adequate sleeping facilities.

If the above statements are **NOT** true at the time of your hazard identification, you need to fill in a hazard report form and let Edmen know of the hazard immediately. If you do not feel safe to continue due to identified hazards, you need to stop and call Edmen immediately.

Please note the following to ensure your ongoing safety whilst at the house:

- 1. Make note of all exits in case of emergency, so you can make your way out quickly**
- 2. Call 000 in the event of an emergency**
- 3. If you ever feel threatened on shift call Edmen immediately**
